Background

Wasps has a 42 year track record of supporting the arts community in Scotland and we have grown to become one of the UK's largest studio providers. We currently house 900 visual artists, 35 arts charities and 33 creative businesses at 19 sites from the Scottish Borders to the Shetland Islands. Their work in turn touches the lives of thousands of people across Scotland and beyond.

In addition, our activities support the regeneration of many deprived communities across Scotland. We redevelop redundant, historic buildings into beautiful facilities for artists and creative industries, improving the physical appearance and economy of the communities in which they are located.

Wasps also delivers a range of arts enterprise activity from professional development programmes, to exhibition, workshop and residencies opportunities for our creative tenants, delivered across our nine galleries and four residency spaces.

Our plans for the future are exciting! We have completed Phase 1 of Inverness Creative Academy with Phase 2 due to go onsite later this year. Perth Creative Exchange is currently on site and is due to open in late 2019. These projects between them will deliver over 60 new studios for artists in these locations. We also have a programme of property upgrades and energy efficiency initiatives planned over the coming years as part of Business Plan for 2018-23.
